Letter of Authority (LoA) - Our Reference: PPP-00025

Prior to connecting to our demarcation as described below, the co-location provider must ensure that this link does not terminate on any active ports. If it does, please contact our NOC immediately. The co-location provider must also advise us by email to when this new connection has been completed and at that time provide the co-location reference for the cross connect as well as any test results of the new circuit.

With this letter, INEX hereby authorises Digital Planet and / or its agents to order a connection to the following demarcation point:

Location:	Interxion DUB2
Rack:	DUB02.17.R01.01
Patch Panel:	IE.DUB.DUB2.19.DDF1.U01
Type:	UTP / RJ45
Port:	1

This authority is limited to the provisioning for the purpose of the initial installation, and will expire 60 days from the date of issue (above left). This LoA does not obligate INEX to pay any fees or charges associated with such cross-connect services.

The member agrees that should INEX issue a request to have this cross connect disconnected at any time, the member will arrange to have the cross connect decommissioned within 30 days and accept associated disconnect costs where applicable.

Should you have any questions or concerns regarding this Letter of Authority, please contact our NOC via the details found at <https://www.inex.ie/support/>. We generate our LoA's via our provisioning system. Each LoA can be individually authenticated by clicking on the following unique link:
